

Oi! The Ecologist Toucan

WHAT IS ECOLOGY?

Fernando Rebouças

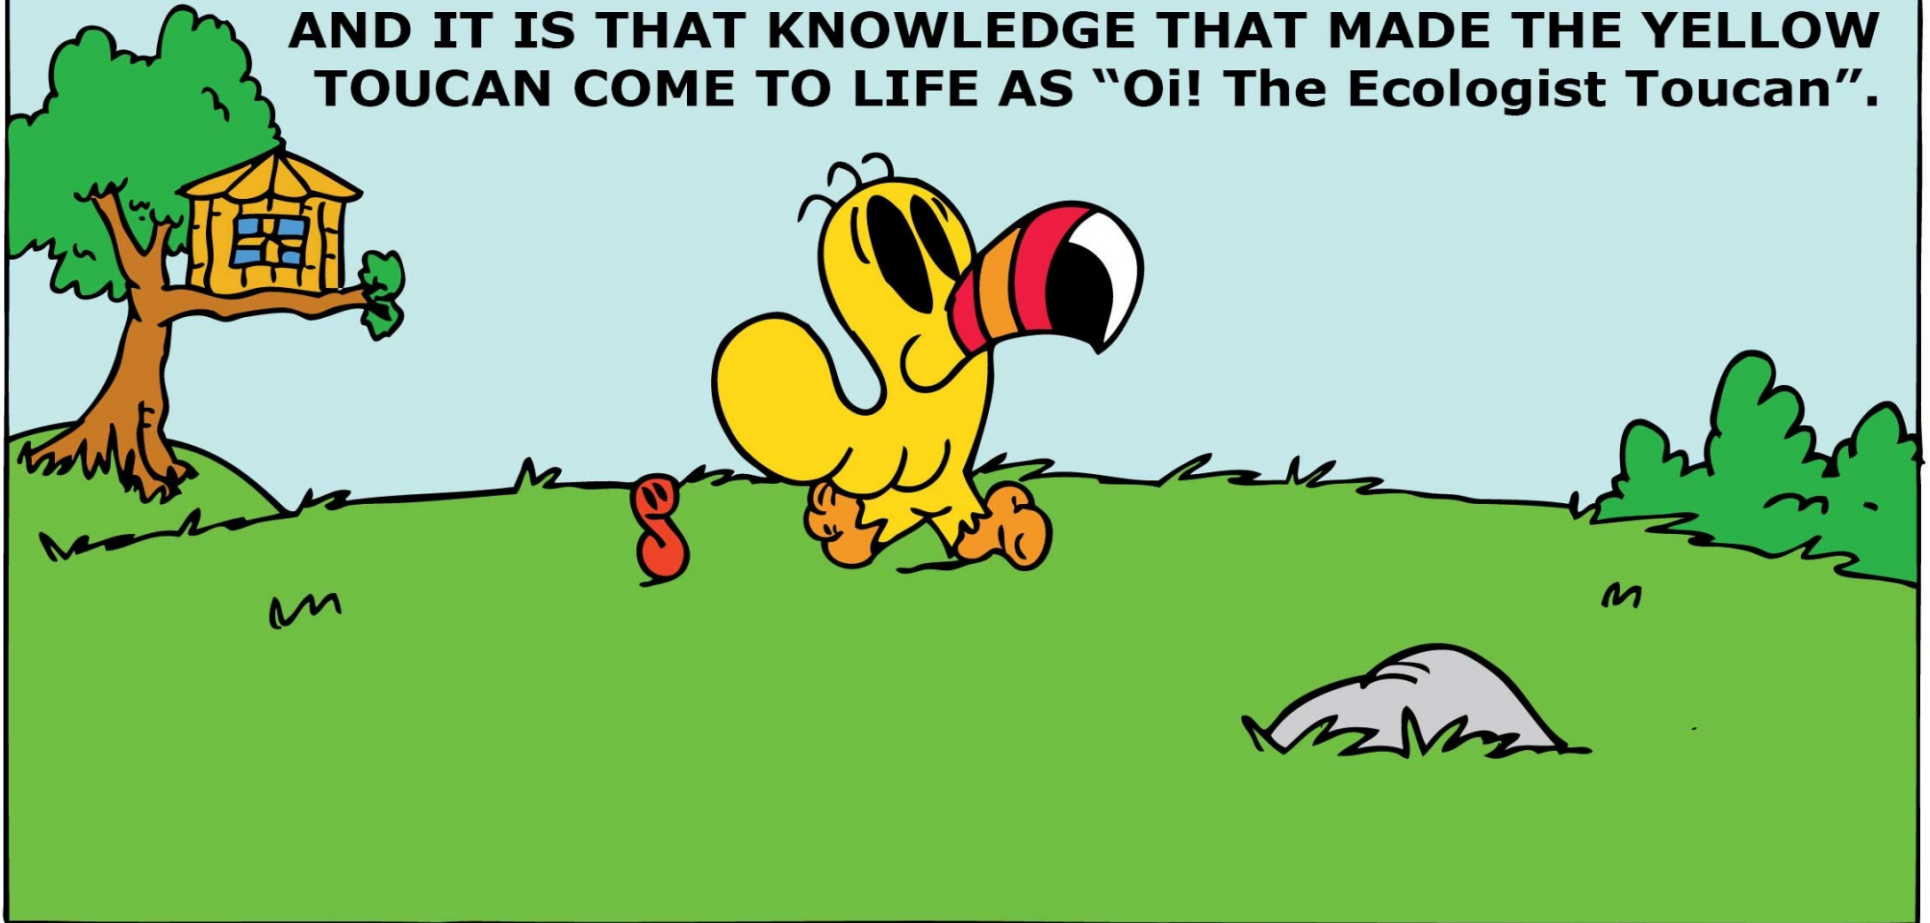

**Oi! The Ecologist Toucan WORKS WITH HIS FRIENDS
TO PROTECT NATURE.**

**HE KNOWS THAT ECOLOGY IS THE SCIENCE THAT
STUDIES THE RELATIONSHIPS OF ALL LIVING
BEINGS AND THEIR ENVIRONMENTS.**

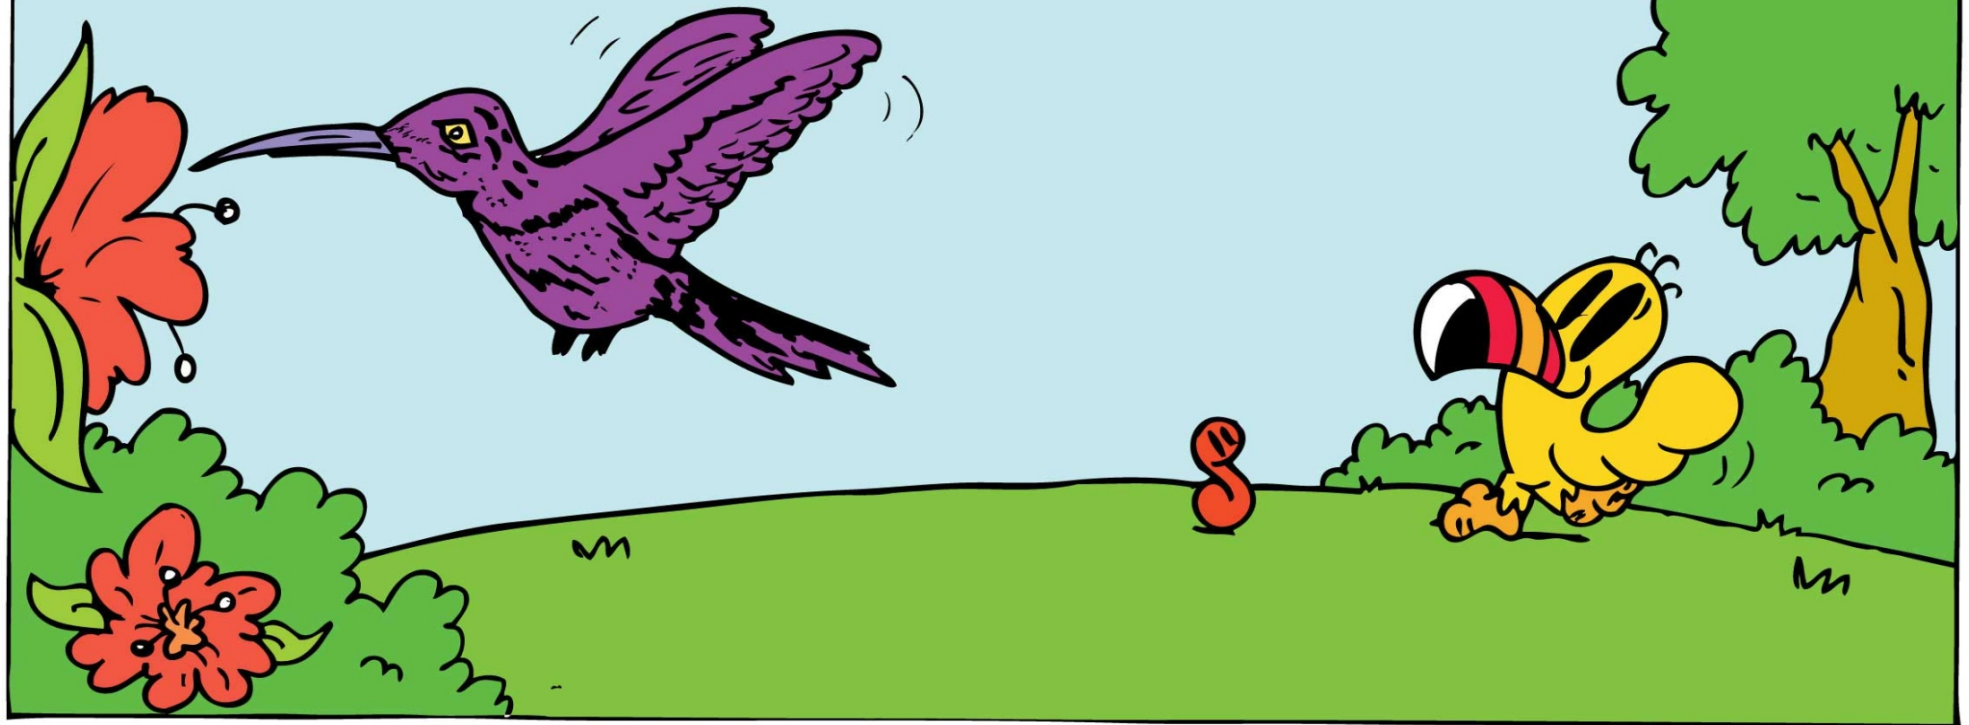

THE TOUCAN IS CALLED "OI!" AS A REFERENCE TO THE GREEK TERM "OIKOS", WHICH ORIGINATED THE TERM "ECO", WHICH MEANS HOME.

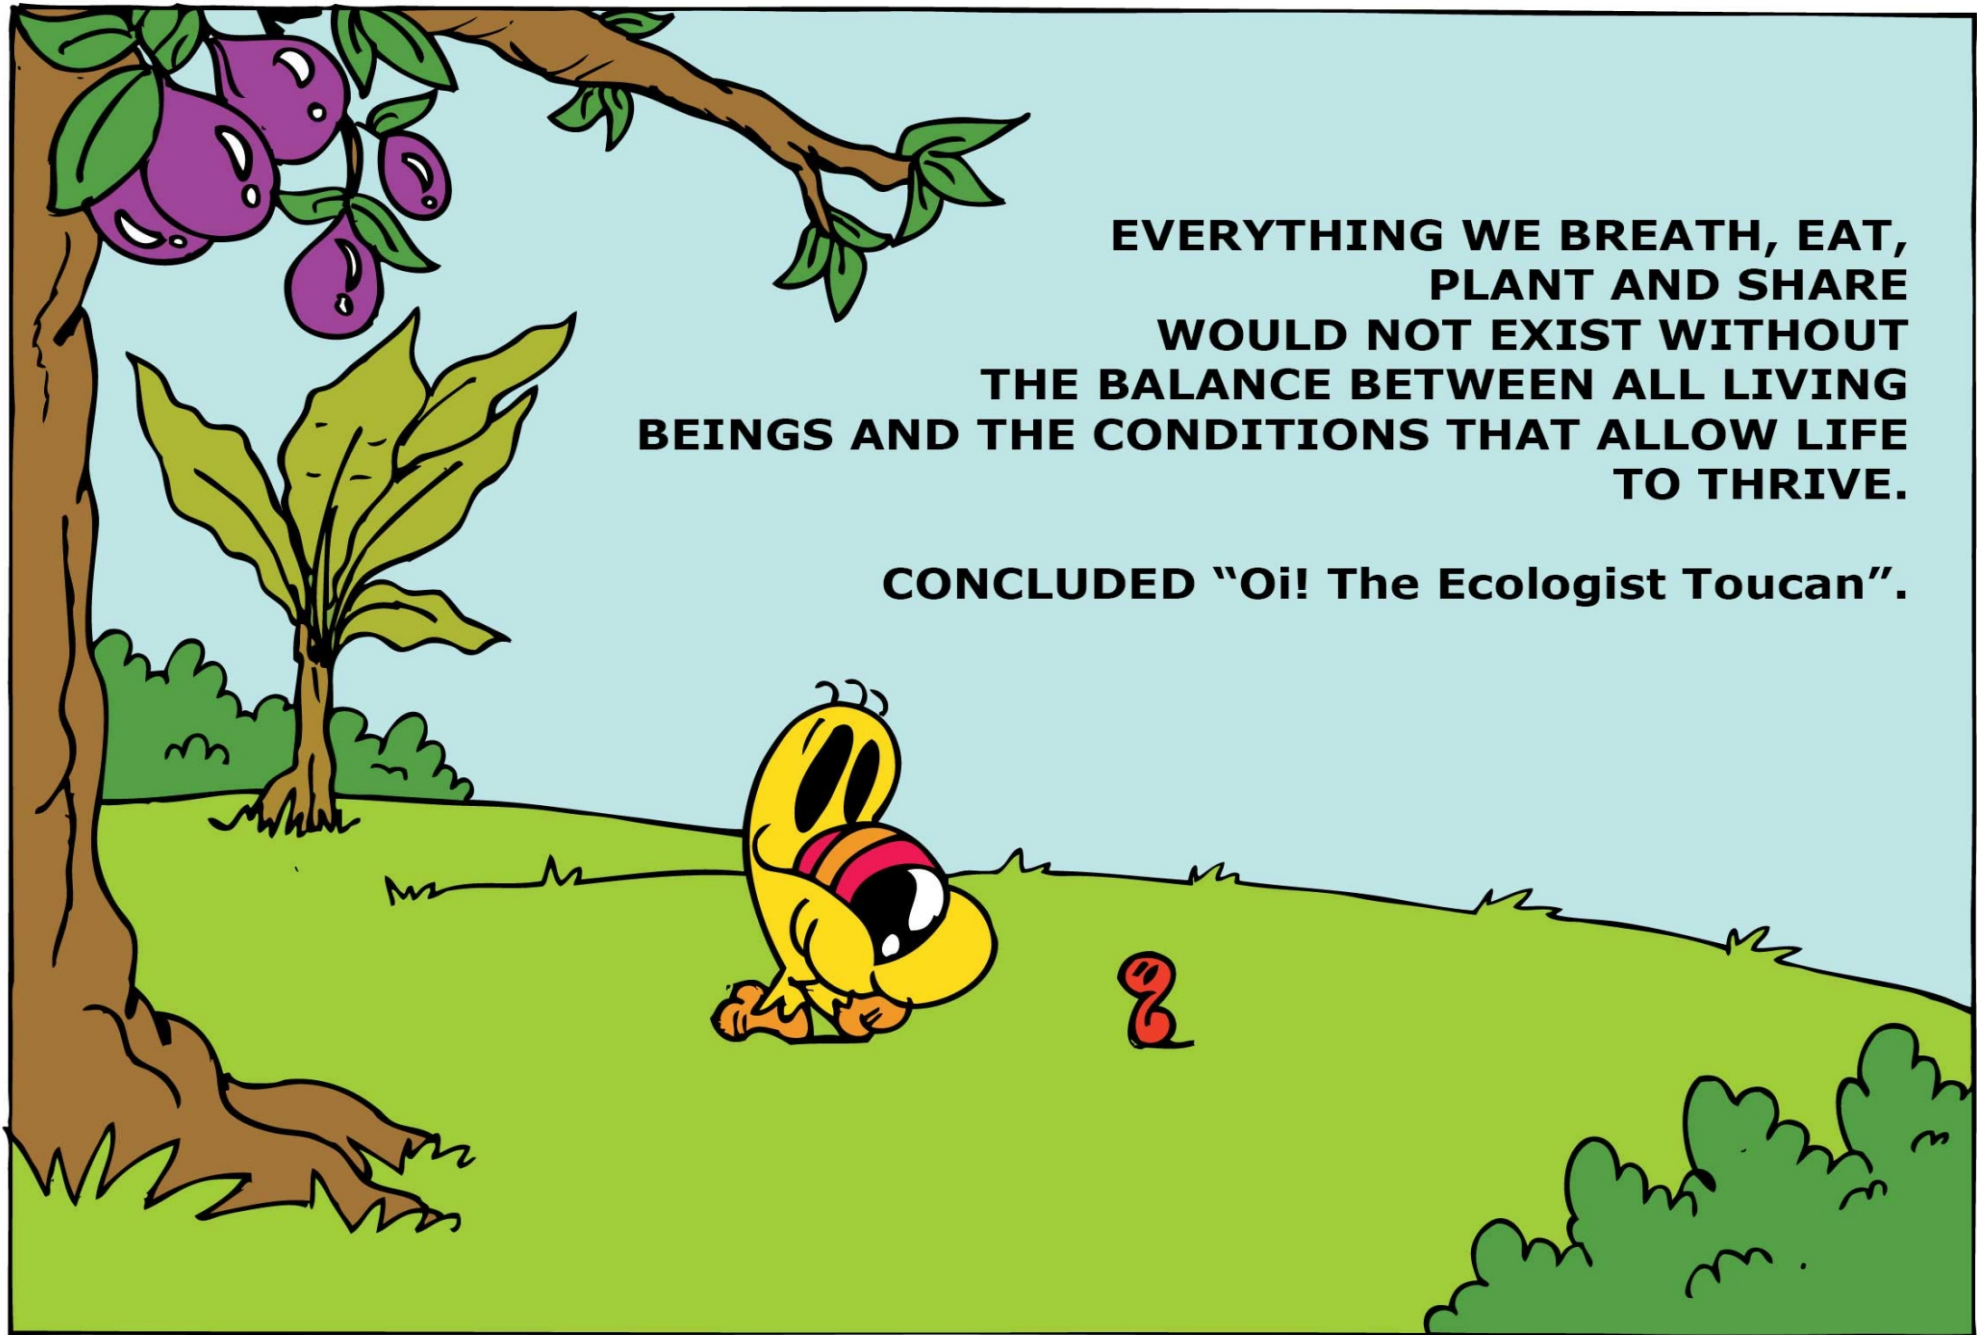

THEREFORE, THE WORD ECOLOGY MEANS THE STUDY OF HOME, THE STUDY OF THE PLACE IN WHICH LIFE DEVELOPS. AND IT IS THAT KNOWLEDGE THAT MADE THE YELLOW TOUCAN COME TO LIFE AS "Oi! The Ecologist Toucan".

BUT, IF THERE ARE MANY ECOLOGICAL SCIENCES AND MANY UNKNOWN SPECIES, WHY ARE HUMAN BEINGS STILL DESTROYING PLANET EARTH? ASKED NHOCA.

IT IS NOT ENOUGH TO KNOW, WE NEED TO LIVE THAT KNOWLEDGE, AND THE BEST THING IS TO USE KNOWLEDGE TO LEARN HOW TO RESPECT LIFE ON PLANET EARTH. REPLIED "Oi! The Ecologist Toucan".

**EVERYTHING WE BREATHE, EAT,
PLANT AND SHARE
WOULD NOT EXIST WITHOUT
THE BALANCE BETWEEN ALL LIVING
BEINGS AND THE CONDITIONS THAT ALLOW LIFE
TO THRIVE.**

CONCLUDED "Oi! The Ecologist Toucan".

BOOK: Oi! The Ecologist Toucan – WHAT IS ECOLOGY?
